

PATH TO THE SUMMIT

The Next Ascent for the Ritchie School of Engineering & Computer Science

STRATEGIC PLAN 2025-2028

This plan shares the Ritchie School's commitment to bold transformation to drive both student career success and research impact.

2025

2026

2027

2028

1

FOCUS ON CAREER

Ensure graduates are fully prepared to contribute effectively in the workforce and move seamlessly into their dream career.

IMPACT

Students gain relevant hands-on experience and are prepared to succeed in industry.

2

DESIGN FOR THE LEARNER

Make the curriculum more flexible, student-centered, and relevant so students can align their degrees with their passions.

IMPACT

Students receive individualized learning opportunities that align with their goals.

STRATEGIES

3

INVEST IN RESEARCH ANCHORS

Increase our research profile by committing to impactful research in three interdisciplinary areas of strength and opportunity.

IMPACT

Research resources are focused on the areas where we can make the most impact.

4

MARKET AND RECRUIT STRATEGICALLY

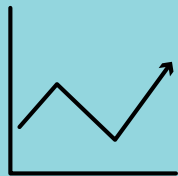

Sharpen our value proposition, align offerings with market trends, and target our message to attract interest from a broader student population.

IMPACT

Prospective students get a tailored message about our distinctive strengths in a way that resonates with them.

KEY OUTCOMES

ELEVATE STUDENT SUCCESS

Improved retention, graduation rate,
and post-graduation outcomes.

Growth in external funding, student support,
and research visibility.

AMPLIFY RESEARCH IMPACT

DOUBLE STUDENT DEMAND

Increased demand for our programs,
improved rankings, and recognition.

TIMELINE

2025

2027
